Really Hardcore game ! Music and sound effects are really good, design is really good too (i love the violin lol). You have to take some time to be used to the wall jump mechanics but the commands are really responsive. This is a really hard game but enjoyable !

. Oh My God, I broken the "R", this a hardcore game, the graphics are beatiful.

I like the music, I like the game.

The creator not like god.

Sorry for my english.
